  - A carry-in/out policy is in effect for garbage.
  - Only kiln-dried firewood allowed into park.
  - Swimming prohibited.

The 1,082 acre Sal J. Prezioso Mountain Lakes Park is Westchester's northernmost county park. Acquired by the county in 1961, it is characterized by a rugged landscape and native hardwood forests, rock outcroppings, meandering streams, beautiful views, the highest mountain in Westchester County and quiet trails. Aptly named, the park boasts five lakes and a spectacular overlook which makes for breathtaking hiking destinations.

## Activities

Mountain Lakes Park offers the total outdoor experience including camping, fishing, ice skating, hiking, nature exploration, snow-shoeing, cross-country skiing and a high/low ropes challenge course.

## Events

Do you need a place for a party, wedding reception or other social gathering, or for your school group, organization or company? The spacious and newly renovated dining hall is available for use by organized groups, accommodating up to 250 people. The commercial kitchen is available for use only with a licensed caterer. If you are looking for an even bigger adventure, rent the yurt village for an overnight and an experience your group will always remember.

## Camping

- Available year-round in open-face lean-tos. Sleeping capacity is limited to eight people per shelter with the exception of two sites that can accommodate 16 people. Each shelter has an outside grill for cooking, a designated fire ring for campfires, a picnic table and portable toilets. (In July - Saturday nights only)
- Individual yurts, our entire yurt village or our camp director's cabin can be rented daily or weekly from Memorial Day weekend through June and mid-August through Columbus Day weekend each year. Yurts can accommodate 10 people and the director's cabin can accommodate four. The yurts provide sleeping quarters with electricity and a newly renovated, centrally located bathroom. The director's cabin offers full amenities, excluding linens, towels, toiletries and food. The yurts and director's cabin are not heated.
- Want to stay in the outdoors, but want all of the amenities of home? Laurel Cottage, located on beautiful Laurel Lake, is available year-round and can sleep four comfortably (six maximum). The cottage is heated and has an indoor wood burning stove, an outside fire ring for campfires, picnic tables, screened-in porch, deck and a row boat.

Camping permits, available to adults age 21 and older, are required and issued at the park office.

## Team Building

In addition to group camping, there is a ropes challenge course (reservations required) for organized groups. The course includes a zip line, high and low ropes elements that accommodate people of all abilities. The elements foster teamwork through challenging situations in a safe and a fun environment.

### Camp Morty

Takes place each July through mid August and offers a quality outdoor sleepaway camp experience for children who are under the care of the Department of Social Services. Emphasis is placed on environmental awareness and sustainable living in a cooperative setting.
